## RICKETTS FOUND GUILTY BY JURY

Fine Of \$250 And Costs Imposed On  
Man Accused Of Unlawful  
Possession Of Liquor

### DEFENDANT TO ASK NEW TRIAL

Trial One Of Shortest On Record,  
Only About An Hour Being Re-  
quired For Testimony

Charles F. Ricketts, charged with  
the unlawful possession of liquor,  
was found guilty shortly after noon  
today by a jury in the circuit court,  
which imposed a fine of \$250 and  
cost on the defendant.

The defendant was permitted to  
go on bond pending a motion for a  
new trial, which will be presented  
on Saturday. The jury was old to  
report again on Thursday to hear  
the case of the State against Bert  
Wilson and Charles Barnes, charged  
with a similar offense.

The case was one of the quickest  
on record here, as only about an  
hour was required for all of the  
testimony. Only three jurors were  
excused, and there was no trouble  
experience in obtaining a jury.

The jury which heard the case  
was composed of the following  
twelve men: Charles Carney, Jake  
Gerhart, John Mauzy, Rolla Alexander,  
Thomas W. Logan, J. F. Tweedy, William R. Gartin, O. W.  
Abernathy, Roy Bitner, William E.  
Foster, Frank Overman and Dan  
Long.

The defendant and John R.  
Thompson were indicted jointly on  
the charge of unlawful possession  
with the purpose of sale. The latter  
defendant was granted a separate  
trial. The testimony offered this  
morning by Ricketts exonerated  
Thompson of any connection with  
the affair.

The indictment was on two counts,  
the first charging unlawful posses-  
sion, and the second with having in-  
toxicating liquor for the purpose of  
a sale.

The state used the officers who  
made the raid as their witnesses,  
and the defense used three witness-  
es, Mr. Thompson, owner of the  
barn where the liquor was alleged to  
have been found, Harry Dawson an  
employee at the barn and the de-  
fendant.

Ricketts acknowledged on the wit-  
ness stand that the liquor was his,  
and that it was given to him by a  
stranger whom he accommodated  
one night by giving him oil and wa-  
ter for his automobile. He denied  
that the liquor was in his possession  
for the purpose of selling. Mr.  
Thompson, the owner of the barn,  
did not have knowledge that the li-  
quor was stored in his barn, ac-  
cording to the witness.

## SENT TO THE STATE PRISON

Hugo Postell Pleads Guilty To Kill-  
ing Man In Drunken Brawl

Kendallville, Ind., Nov. 10.—Hugo  
Postell, 31 of Ashville, North Caro-  
lina, pleaded guilty to a charge of  
manslaughter in circuit court at Al-  
bion today for killing a man in a  
drunken brawl and was sentenced to  
the state prison in Michigan City  
for two to twenty-one years.

Postell demanded money of John  
W. Thompson here on the night of  
August 20 and when Thompson re-  
fused, Postell shot him, Thompson  
dying instantly.

Postell was sentenced to thirty  
days in the North Carolina state  
prison in 1912 for second degree  
murder but was pardoned after five  
years of the sentence. In 1917 he  
was sentenced from two to fourteen  
years for committing a felony and  
was on parole at the time of the  
shooting here.

### WINS BY DEFAULT

The case of Charles L. Howell  
against Ned Crosby, a suit for pos-  
session, set for trial in Justice  
Stech's court, was decided today in  
favor of the plaintiff, when the def-  
endant defaulted. It is understood  
that the defendant has vacated the  
property involved in the suit, and  
located in Milroy.

## SAFETY SAM PLACARDS TO BE POSTED IN COUNTY

State Department of Conservation  
Determined to End Use of Dyna-  
mite in Public Waters

### \$100 REWARD TO BE OFFERED

People Will be Given Some Incentive  
to Provide Information Regarding  
Dynamiting of Fish

Placards offering \$100 reward to  
anyone providing the fish and game  
division of the state conservation  
department with information that  
will lead to the arrest and conviction  
of persons unlawfully using  
dynamite or other explosives in any  
of the state's public waters, are soon  
to be posted in Rush county.

This step is taken by the conserva-  
tion commission with the determina-  
tion to stop this nefarious  
practice of dynamiting fish, a practice  
that is largely responsible for  
cutting great inroads into the pescatorial  
sport, Richard Lieber, director  
of the department, said.

According to George N. Mannfeld,  
superintendent of fisheries and  
game, dynamiting is the most despi-  
cable form of fish law violation.  
Once a charge of high explosive is  
dropped into a public stream, hun-  
dreds and thousands of fish are  
killed, and the work of many months  
of artificial propagation undone.  
Thousands of fish too small for any  
other purpose than stocking streams  
are killed, and the public waters  
robbed of baby fish that in a few  
years would have increased many-  
fold the pescatorial sport in Indiana.

The placards make it plain that  
\$100 will be given in the case of  
each conviction. In the event two or  
more persons provide information  
upon which a conviction of dyna-  
mizing is made, then the one first  
to submit the evidence will receive  
the reward, Mr. Mannfeld says.

It is also pointed out that no offi-  
cer or employee of the state conserva-  
tion department shall be entitled  
to any reward, and that any at-  
tempt to participate in the same will  
cause immediate dismissal of an  
employee endeavoring thus to profit.

Conservation officials are deter-  
mined that dynamiting fish in Hoosier  
waters shall become a lost art. Each  
year the four state hatcheries pro-  
pagate and plant in this state mil-  
lions of young fish. The greatest  
menace to fine fishing is the dyna-  
meters, and the time is here for this  
class to give away before the law,  
Mr. Mannfeld declares.

Conservation officials say the \$100  
reward will open to payment for one  
year from October 10.

## ROTARIANS GIVE PROGRAM

Members of Local Club Speak at  
Luncheon Today Noon

The Rotary club heard short  
talks by its own members at the reg-  
ular luncheon at the Social club  
today noon. The speakers on Rotary  
subjects were I. L. Endres, Roy  
Waggener, Walter Hubbard and  
George Griesser.

L. L. Allen described the meeting  
of Chicago Rotary club last Tues-  
day which he attended and Charles  
Taylor told of his trip to Oklahoma  
and back in a "flivver." W. O.  
Feudner spoke a few minutes re-  
garding his visit to the Rotary clubs  
of group six last week with the dis-  
trict governor, Frank Hatfield, of  
Evansville.

Guests today included Gale Foley  
of St. Petersburg, Florida and C.  
A. Meloy of Indianapolis.

### STILLS NEW FIRE HAZARD

Indianapolis, Ind., Oct. 10—Be-  
cause stills have been blowing up  
and starting fires, John O'Brien, fire  
chief, told the board of public safety  
today the fire prevention force  
should be enlarged to meet the new  
hazard.

"You issue orders that all citizens  
with stills must keep them out of  
the down town district and have  
them only in fire proof buildings,"  
commented Mayor Lew Shank.

### THEY CALL FOR \$500,000,000

Bankers Informed Concerning Steps  
to Take Care of Several Billions  
of Short Term Debt

(By United Press)  
New York Oct. 10.—Billions of  
dollars of surplus investment money  
in the United States, together with an  
unprecedented business revival, were  
disclosed today as the result of the  
government's call for a 34 year loan  
of a half billion dollars at 4 1/2 per-  
cent.

Over subscription of the loan, asked  
for refunding of part of the national  
debt, by \$1,000,000,000 to \$2,  
000,000,000, was assured today as  
application for hundreds of millions  
rolled into the New York field district  
banks from Coffers of "American  
business".

Washington, Oct. 10—As the first  
step in a program of refunding of  
government obligations maturing  
within a few months, the treasury  
department today is preparing to  
float a bond issue of \$500,000,000 in  
4 1/2 percent securities.

The issuance of these bonds was  
announced by Secretary of the  
Treasury Mellon, who in a letter to  
Bankers commenting on the new issue,  
said it was a refunding issue,  
which will afford a "particularly fa-  
vorable opportunity to holders of  
4 1/2 percent victory notes to acquire  
a long time government bond on at-  
tractive terms in place of victory  
notes which will mature or be re-  
deemed within the next few months."

The new bonds will bear date of  
October 16, and will mature in 1952,  
the government reserving the privi-  
lege to redeem them in 1947, when  
the last of the war loans mature. In  
announcing the new issue Mellon in-  
formed bankers concerning steps al-  
ready inaugurated to take care of  
the several billions of short term  
debt incurred during the late months  
of the war and the first portion of  
the post war period.

"You will be interested in this  
connection to know," said Mellon,

## NATIVE OF CARTHAGE DIES

Oliver W. Allen, Age 62, Years Ex-  
pires In Denver, Colorado

Oliver W. Allen, a native of Car-  
thage, expired at his home in Denver,  
Col., October 4, according to an an-  
nouncement of his death appearing  
Monday night, together with his  
photograph, in the Indianapolis  
News. Apoplexy was given as the  
cause of his death.

He was born June 30, 1860 at Car-  
thage, but spent most of his life in  
Indianapolis, and was a Justice of  
Peace in that city for years. He left  
Indianapolis in 1900 for Denver  
and was a representative in Colorado  
and Wyoming for the Denver Union  
Stock Yards. His widow, Mrs. Hat-  
tie Allen, survives, and the funeral  
arrangements were not contained in  
the announcement of his death.

## WILL EXCEED THE TOTAL 1920 VOTE

Total Number Registered in Rush  
County Greater Than Number  
Voting Two Years Ago

### EARLY REPORTS SHOW THIS

Returns From Ten Precincts Reveal  
157 More Registered Than Par-  
ticipated in Election

Returns being received today  
from the final registration of voters  
on Monday indicates no lethargy on  
the part of Rush county voters, be-  
cause early returns, if borne out in  
complete reports from all of the  
thirty-one precincts show that more  
voters are qualified for voting on  
November 7 than voted in the pres-  
idential election of 1920.

Reports on ten precincts tabulated  
at the county auditor's office this  
morning revealed a total of 3,410  
voters enrolled as compared with  
3,253 voting in the same precincts  
in November, 1920.

This is 157 more registered than  
voted in the general election, which  
was an abnormal year, and if the  
ratio continues throughout the coun-  
ty, the majority of voters registered  
over those taking part in the elec-  
tion two years ago will amount to  
approximately five hundred.

The reports from the registration  
were very gratifying to the workers  
of both political parties, who have  
left no stone unturned in order to  
get all of the voters registered for  
the fall election. A majority of the  
voters registered Monday, it is be-  
lieved, were enrolled in advance of  
the registration day by the party  
workers and reported to the pre-  
cinct registration boards.

A comparison in the ten precincts  
reported today with the 1920 vote in  
the same precincts is as follows:

Precincts	Reg. 1920 vote
Walker, 1	361 347
Orange, 1	308 288
Orange, 2	289 288
Rushville, 6	390 380

Miss Watson, a Niece, and Mrs. E.  
B. Thomas Were With Her

(By United Press)  
Washington, Oct. 10—Mrs. James  
E. Watson, wife of the senator  
from Indiana, narrowly escaped se-  
rious injury last night when her au-  
tomobile ran into a ditch on the  
Baltimore Pike.

Her face was bruised but her in-  
jury is not serious.

Her niece, Miss Watson was  
slightly bruised and Mrs. E. B.  
Thomas escaped unharmed.

## LITTLE INTEREST IN STATE CAMPAIGN

Political Parties Have Not Aroused  
Much Excitement, With Impor-  
tant Election at Hand

### PROBABLY A REASON FOR IT

Workers Have Been Getting all Vot-  
ers Registered so They Will be  
Eligible to Vote

By FELIX BRUNER  
CWRitten for United Press

Indianapolis, Ind., Oct. 10—Thus  
far for the campaign in Indiana has  
contained few thrills and less red  
fire has been burned than has been  
consumed at a similar point in a  
contest for many years. There's a  
reason.

Through bitter experience cam-  
paign managers have finally learned  
that all the spell binding in the world  
will do no good if the electorate can-  
not vote. Many have been the times  
when one party or another has la-  
mented the fact, after an election,  
that it did not have all its voters  
registered.

Not this year. More attention has  
been paid to registration than ever-  
before. Nearly all the elaborate and  
intricate machinery of both parties  
has been bent in one direction—that  
of registering the voters. The party  
captains feel that after the men and  
women of the state have been made  
eligible to vote it is time enough to  
tell them how to vote.

Therefore, with the close of regis-  
tration things can be expected to  
happen. Teh almost important and  
least spectacular part of the cam-  
paign is over. The least important  
and most spectacular part is now  
starting.

Difficulty has been experienced by  
both parties in registering their vot-  
ers. The populace has been apathetic.  
The Indiana contest may be one  
of the most important in the coun-  
try, but is safe to say that there is  
more interest in Washington than is  
shown here.

Without attempting to say at this  
stage of the game who has the ad-  
vantage, it can safely be said that  
the Democrats are showing more ac-  
tivity this year than in many previ-  
ous years. There have been more lit-  
tle precinct meetings and there has

## NATIONAL LEADER OF WOMEN TO SPEAK HERE

Mrs. Harriett Taylor Upton, Re-  
publican Chairwoman, to Make  
Local Address Friday Night

### MEETING ON SATURDAY NIGHT

A speaker of considerable note,  
Mrs. Harriett Taylor Upton, National  
Republican chairwoman, will deliver  
a political address here Friday night.  
The speaking will be held in the court  
room of the court house at 7:30 o'clock.

The local committeewomen con-  
sider themselves fortunate in having  
such a prominent worker sent here.  
She is said to be a very capable orator,  
and will no doubt attract a large crowd.  
Now that registration is over, and with the election only a  
month off, it is expected that the  
remaining weeks will be busy ones,  
and voters are urged to attend the  
various meetings.

## ANOTHER APPEAL FOR NEAR EAST AID, PLAN

Backed by President Harding, Campaign Will be Undertaken to Provide Relief

### TWO THINGS ON THE PROGRAM

Washington, Oct 10—Another appeal for aid will be sounded to the American people in behalf of the stricken and starving peoples of the near east.

Backed by President Harding, a campaign will be undertaken to provide funds insuring the hundreds of thousands of refugees and the homeless populations of the regions affected by the Greek-Turkish war with food, clothing, shelter and medical assistance.

In order that there be no "lost motion" or duplication of effort, Mr. Harding has appointed a special committee headed by Will H. Hayes, former postmaster general, to coordinate all work now being done, and any that may be undertaken in behalf of the Near East.

Two things are on the program:

1—Coordinate the activities of the American Red Cross and the Near East relief.

2—Extend the scope of American relief work by means of a drive for funds.

## OHIO GIRL IS CHAMPION

Wins Prize As Junior Judge Of Dairy Cattle In America

St. Paul, Minn. Oct. 10.—Miss Elizabeth Willerton of Ohio, is the champion junior judge of dairy cattle in America.

The young lady was awarded the prize at the National Dairy Show here. She was the only girl to compete for the honor, with twenty eight boys, and the boys admitted there was no chivalry in the decision.

"I was reared on a dairy farm", Miss Willerton said, "and I know cattle just as a city girl knows the streets of her home town."

## TO HOLD A "LADIES NIGHT"

Kiwanis Meeting at Plum Creek for Wednesday Night Postponed

The regular meeting of the Kiwanis club will be held at the Social club Wednesday evening, instead of the Plum Creek church, as was originally planned. The meeting at Plum Creek had to be postponed because the heating plant is not working and it was feared that heat would be required.

Wednesday evening's dinner will be served at 6:30 o'clock and the meeting will be a "Ladies Night". A musical program is being arranged and following that, a social evening will be enjoyed with cards and dancing.

## FATTY TO STAGE COMEBACK?

Reported In Theatrical Circles He Is Warming Up At Hollywood

New York, Oct. 10—"Fatty" Arbuckle is soon to roll back into the movies with his bag full of slapstick tricks, it was reported in theatrical circles here today.

"Fatty" who was forced to pull a fade out after he got mixed up in the scandal following the death of Virginia Rappe, screen actress, is warming up at Hollywood to toss custard pies and bathing girls through thousands of feet of celluloid, it was said.

Nothing but silence on the accuracy of the reports came from the office here of Will Hays, czar of film-land.

### MANY WOMEN REGISTER

Indianapolis, Ind., Oct. 10—A heavy registration of women voters in Marion county was revealed today as the books closed for November elections. Election officials said the enrollment was approximately 150,000 or more.

### BILL HART IS RECOVERING

Los Angeles, Calif., Oct. 10—William S. Hart will be confined to his bed for at least two weeks as a result of the critical illness from which he is recovering. Physicians said today.

## NATIVE OF COUNTY IS DEAD

Mrs. Frances Cohee, Formerly Frances Talbert, Dies at Frankfort

Mrs. Frances Cohee, a native of this county, is dead at her home in Frankfort, according to word received by relatives residing here, and the remains will be brought to Rushville Wednesday afternoon at 3:30 for burial in East Hill cemetery. The deceased was formerly Frances Talbert but left here a great many years ago.

She was related to the Amos family, the Stiers and Hildreth families, and she is survived by a brother, Bert Talbert, a conductor on the C. I. & W. railroad. She was an aged woman, and the cause of her death was not learned.

## 8-YEAR-OLD GIRL RELEASED

Phyllis Prosch Enticed Away From Indianapolis Home By Man

(By United Press) Indianapolis, Ind., Oct. 10.—Eight-year-old Phyllis Prosch, who disappeared yesterday, was released by the man who enticed her away from her home. Phyllis shortly before noon called by telephone from the Union station.

The little girl said she was going to school when a man appearing to be about thirty-five years old and "looking like a farmer" stopped his automobile at the curb.

The man called her and asked her to take a ride. She said he took her to Lafayette and registered her at the Lahr hotel as his sister. She said she stayed in a room there all night without being disturbed and returned to Indianapolis this morning on a train when the man bought her a ticket. Two women who saw the girl on the train helped her to find her mother.

### HEAVIEST IN HISTORY

Evansville, Ind., Oct. 10—Heaviest registration in the history of Vanderburgh county for fall elections was announced here today. Between forty-five and fifty thousand voters registered.

## TO PROBE BOARD OF TRADE

Federal Trade Commission Begins Inquiry Into Chicago Body

Chicago, Ill., Oct. 10—A three day probe by the federal trade commission to determine if members of the Chicago Board of Trade are speculating in grain futures in violation of the law, was started here today.

Scores of prominent grain dealers will be called before the commission. Acting chairman Murdock declared that each witness would be asked what caused the fluctuation in grain, especially in wheat, since the passage of the law forbidding speculation in future delivery.

John Ogden Armour, was to appear before the commission tomorrow.

lished in the refunding of the short dated debt and what still remains to be done. On April 30, 1921, when the treasury first announced its refunding program, the gross public debt amounted to about \$24,000,000,000 of which over \$7,500,000,000 was maturing within about two years. On Sept. 30, 1922, the total gross debt stood at about \$22,800,000,000, and of the early maturing debt about \$4,000,000,000 already had been retired or refunded, chiefly in short term treasury notes, which maturities spread over the four fiscal years.

"There will fall due this fiscal year about \$1,100,000,000 of treasury certificates of indebtedness about \$625,000,000 maturity value of war saving certificates of the series of 1918, and about \$1,800,000,000 of victory notes. The retirement of these certificates will leave only tax certificates outstanding, and it will in any event continue to be desirable with income and profits tax payments as large as they are for the treasury to have outstanding at least \$1,000,000,000 of tax certificates in amounts and with maturities conforming to the quarterly tax payments.

"After October 16, 1922, the next maturities fall on December 15, and include about \$870,000,000, face amount, of 4½ percent victory notes called for redemption, and about \$420,000,000 of maturing tax certificates against which the treasury will receive in December about \$250,000,000 of income and profits taxes.

"On January 1, 1923, the \$625,000,000 of war savings certificates become payable.

"The treasury will shortly announce facilities for the exchange of maturing war savings certificates for the new treasury saving certificates and plans in this manner to provide for a substantial part of the war savings maturity. The only treasury certificates maturing in the second half of the fiscal year 1923 are about \$226,000,000 on March 15, 1923, and about \$273,000,000 on June 15, 1923, both of which are covered by the income and profits tax payments estimated for those dates. On May 20, 1923, the remaining \$930,000,000 of 4½ percent victory notes will mature according to their terms.

"The maturities which remain and have to be refunded the treasury will meet through issues refunding securities, property adjusted to market conditions".

What This Woman Says is of Vital Interest to You

Goshen, Ind.—"I had coughed night and day for a whole year and had lost so much flesh I began to look like a walking skeleton. Two of my sisters had died from tuberculosis and I felt certain that my time had come. Finally, a friend recommended Dr. Pierce's Golden Medical Discovery to my husband, and it made me feel new strength and vitality right from the start and in a year's time I was just as strong and hardy as ever. I have never suffered with deep, hacking cough since (that was about 20 years ago) and have always felt very grateful to Dr. Pierce."—Mrs. Eliza Teeter, 413 Middlebury St.

Neither was it divulged how the bodies came to be laid out as if by some acquaintance's hand.

Pearl Bahmer, the fifteen year old girl with brown eyes and bobbed hair who has gone through experiences that not many school girls her age have encountered, came to the defense of Hayes.

Cliff didn't do it", she said.

"It was Pearl and Schneider who reported to the police that the bodies of the millionaire pastor of the church of St. John the Evangelist and his choir leader were under the tree on the Phillips farm.

"On the morning of Saturday, Sept. 16," the girl said, "Ray and I met to take a walk. I told him I wanted to go in the direction of Derussy Lane. He said he didn't want to go that way, but I finally coaxed him to do it.

The opening of the Ohio campaign by Albert J. Beveridge has created more of a stir than any other event in a dull contest. The Democrats see in it a drawing away from the progressive tendencies usually characterizing the Republican candidate. They argue that the progressive voters who made possible Beveridge's nomination will not relish his close association with President Harding. The Republicans see in it an indication that talk of disension in the party has been groundless and that the G. O. P. is one harmonious whole.

## Winter Roads

The rains of the past few days have set the stage for the work that is needed to make the roads good for winter. The proper licks put in with the road drag now will prevent the beginning of a mud hole. Enterprising road men of the county will see the advantage of dragging the roads and leveling them up so that automobile travel will be made more pleasant and profitable when the bad season comes on.

The month of dry weather caused the highways to become "wavy" and full of ruts. It was impossible to accomplish much with the road drag

All sounds that come from a piano are not music.

Politeness and love are both fine things until they begin to spill over.

A smart man is one who can tell people things he doesn't know and get paid for it.

One of the joys of an old man is telling the mean things he did when he was young.

Truth slips away from you just when you think you have a firm hold on it.

It would be quite an improvement if the propensities of mosquitoes could be transferred to fish.

"Wimmin can't make a fool of a man unless he co-operates with 'em."

and work on the roads has been devoted largely to adding new material, mostly gravel.

It should be said in defense of road men nowadays that they have seen the error of dumping a load of gravel in the road, and leaving it. The present practice of leveling the gravel makes travel safer and is better for the roads.

As soon as the gravel begins to pack, however, the roads get rough and the prompt use of the road drag is essential. With the moisture that has fallen in the past few days, conditions are now ideal for smoothing up the roads and giving them a chance to pack. A road may be made right now if road supervisors will put their men to work. It's a rare opportunity to perform a service that will be appreciated by everyone who uses the roads this winter.

## Give The Young Man a Chance

Every young man is entitled to a fair opportunity in the business and social world.

He is entitled to be judged by his own mental and moral qualifications, and not by the standard of the parents who brought him into the world.

Such is sometimes, but not often, the case.

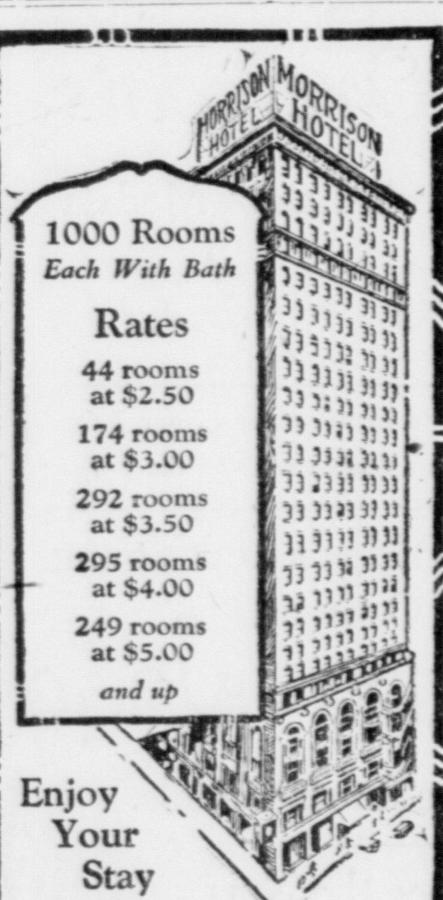

Many a young man of great promise is seriously hampered by the reputation of one or both of his parents. The sins of the father are visited upon the son, and the innocent youth suffers for the acts of the guilty adult.

This is true because as a civilized people we are not yet entirely civilized. A polished veneer covers the surface, but often fails to penetrate to the heart.

Give the young man a fair chance, and let his own acts make or break him.

## Whence Alfalfa Came.

Alfalfa is really a Spanish name for the Medicago Sativa, to give it its full botanical name. It is also known as Spanish trefoil. It may be termed one of the old timers on this continent as it was brought over to this country by the early Spaniards. It took very kindly to its new home and now is known and valued as fodder in many parts of Canada and the United States.

## If We Were "League-ing" Now

(The Princeton Clarion News)  
If the United States had entered the league of nations when President Wilson urged it what kind of a mess would we be into now?

We would have held protectorate over Armenia and our soldiers and services would have been doing duty there.

We would be in this Turkish muck and our soldiers would be there to take the brunt of the fight.

Our obligation as a member of the league of nations would have forced us to be active participants in these foreign affairs and entanglements, and the burden of this responsibility, both in men and money, would be placed on the shoulders of Uncle Sam.

The senators who made possible the defeat of our league of nations membership deserves recognition in the American hall of fame.

HARVARD AND YALE  
ARE IN THE SADDLEEastern Football Seems to Have Re-  
turned the Glory of These Two  
Schools for Present Year

## PRINCETON OUT OF RUNNING

By HENRY L. FARRELL

New York, Oct. 10.—For the present year at least eastern football seems to have returned the glory of Harvard and Yale. The two ancient members of the "big three" have started on another season that should produce a fairly established title for one of them.

Princeton, badly wrecked by graduation and house cleaning, hasn't the bright prospects of her fellow members of the trio that used to rule the gridiron of the east without dispute.

Pennsylvania, Penn State, Cornell, Dartmouth, Syracuse and the Army and Navy have a fairly smooth course laid out in front of them. Their schedules are not hard enough to make them eligible for the title.

Every coach in the east is working at the development of drop kickers and the present season may bring out one of the greatest arrays of booting stars in history.

As the western conference does not get under way for another week, it is hard to forecast what the middle west will develop. Next Saturday's game between Yale and Iowa, the conference champion of 1921, will give a good line on both teams, as it is the first important game of the season.

## FIGHT RESULTS

Boston—Eddie Shevelin, Boston welterweight, won a ten round decision from Dave Shadie, California.

Philadelphia—George Chaney, Baltimore lightweight, won an eight round decision from Shamus O'Brien, New York. Johnny Darcey New York, won an eight round decision from Johnny Donnelly, Uniontown.

New Bedford, Mass.—Bobby Dyson defeated Teddy Joyce, Canadian bantam, in ten rounds.

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Oct. 10.—With the exception of some more football and a little early winter boxing, 1922 has about closed its sport record.

The closing year has not only kept up with the past, but it developed even more remarkable records and more notable achievements that have gone on the books since the war, when sport began its wonderful revival. Outstanding performers of the year were:

Tennis—William T. Tilden and Mlle Suzanne Lenglen.

Golf—Gene Sarazen and Jesse Sweetser.

Rowing—United States Navy and Walter Hoover.

Swimming—Johnny Weismuller and Helen Wainwright.

Boxing—Johnny Dundee.

Track and Field—Joie Ray, Pat McDonald and De Hart Hubbard.

Baseball—Sisler, Hornsby and Rommell.

Tilden became the supreme monarch of the tennis world when he won the national bowl by his third victory in the national championships. He also earned the world's championship by defeating Gerald Patterson, the holder of the British title. Mlle Lenglen's outstanding feat was her defeat of Mrs. Molla Mallory, the American champion at Wimbledon.

Gene Sarazen won the top rank among the golfers when he won the national open and the professional golfers championships, the first time one player had won both titles. Sweetser distinguished himself by

winning the amateur title from the greatest field that ever competed for it.

In winning every start and coping the inter-collegiate championship in record time, the Naval Academy eight easily stamped itself as the best crew on the water and Walter Hoover, the Duluth oarsman, in winning the American title and the Diamond Sculls in England won the individual honors.

Johnny Weismuller and Helen Wainwright made so many records that no one approached them on the year's work in the water.

Johnny Dundee won two ring titles, the junior lightweight and the featherweight championship of the New York Boxing Commission. He fought more than any other boxer, went out of his class more and earned more distinction than any other fighter.

Joie Ray won the national one-mile run championship for the sixth time and Pat McDonald won the shot put title for the sixth time while young Hubbard, the colored University of Michigan star, showed form in the field events that promises to make him a great star.

George Sisler, in all around work, was the greatest baseball star of the year. He earned the title of the perfect ball player. Hornsby's great batting and home run hitting made him the brightest star of the National League and the great pitching of Ed Rommell, with the lowly Athletics, covered him with glory.

early week practice. Coaches were not satisfied with the team's showing against North Dakota and lectures were added to the daily routine.

## Illinois

Green, but with the fighting spirit's "that's the Illini" team this fall. With only three men who have any real experience the fighting spirit is all that can carry Illinois through a successful season—that is the fighting spirit and coach Robert Supke who has the reputation of being able to make a team out of anything.

## Northwestern

With the odds against them the Purple went into intensive training today for the Chicago game Saturday. Fifty candidates were on hand and the coaches started driving to work off some of the rough edges noted in Saturday's play.

## Purdue

Light signal practice and forward pass formations featured today's drill. Coaches are giving all their attention to correcting faults revealed in Saturday's game.

## Michigan

The Wolverine's looked a lot better today with Utteri back at quarter. The team came out of the first game of the year with no injuries and work for the Vanderbilt game at the end of the week was fast and snappy.

## Indiana

Indiana meets Minnesota in the stellar battle of the midwest Saturday and coaches were driving the team unmercifully. F. L. Murray former Princeton quarter was here drilling the punters.

## Iowa

"You can beat Yale, if you'll play coaches told the Iowa squad today. The freshmen team was taught the Yale plays and a short scrimmage was held.

## Ohio

Long signal drills and blackboard work featured the early part of the week. The student body, bitterly disappointed over the narrow escape from defeat Saturday, was taking great interest in the practice. Coaches were trying to find a line which could show to better advantage.

## Wisconsin

The scrubs walked all over the regulars in scrimmage. Coaches drilled "Shorty" Barr in the pass attack which crumbled completely against Carleton last Saturday.

## Minnesota

New plays and long signal drills behind closed doors featured the

New York—Rumors in base ball circles that Eddie Collins and Dick Kerr will come to the Yankees from the White Sox this winter in exchange for Carl Mays, Norman McMillan and Ervin Ward, Collins to become the manager of the Yanks.

Cambridge, Mass.—Owens, star back field player who was hurt last Saturday is expected to be back in the Harvard line up, Saturday for the Bodoin game.

New Haven—Yale football officials announced that the coming game with Iowa is not considered as the banner game of the schedule and is just a mid-season game for which neither team is making special preparations.

New York—Upon the advice of John McGraw, manager of the Giants, Art Nehf, Irish Meusel and George Kelly will decline the invitation to go to Japan with a specially picked team, it is understood.

## A Business Motive Power

The time must come when all businesses will consider the advisability of advertising in the same spirit that a manufacturer ponders over the advisability of adopting a new machine. One does not install a piece of labor-saving mechanism because it suits his fancy; but because the efficiency of the business requires it.

He expects the new machine to reduce his cost to operate—perhaps to make a better product—and thus aid him in meeting competition and making larger profits.

Advertising is exactly similar. The man who refuses to consider it as a possible expedient, simply shuts his eyes on one of the problems of his business. He might as well ignore the banks as sources of credit when he has need to borrow capital.

On the other hand, the man who looks to advertising to checkmate all weaknesses and shortcomings of his business and to carry it along to victory despite these, has a childlike faith in the miraculous.

Advertising will not make his product or his service any better than they are; but it will bring him the full benefits of their merits. It will not eliminate wastefulness in his factory or his store; but it will reduce his cost to operate. It will not make illogical selling methods successful; but it will assist good selling methods and often point the way for improving them.

Advertising is the most inexpensive motive power that the manufacturer or merchant can buy today. It is a form of stimulus that brings excellent returns on the investment.

## Easy Lessons in Auction Bridge

Copyright 1922 by Hoyle, Jr.

The purpose of this particular series of articles is to give a short summary of the game of Auction Bridge, so that even a beginner can acquire sufficient knowledge of the game, both of bidding and play, to enable him to play a creditable game. The best way to acquire the knowledge of the rules necessary for the beginner is to study the first thirty-one rules of the Laws of Auction of the Whist Club of New York which are to be found in any standard book on Auction. In case such a book is not available, read carefully this

### Summary of the Laws of Auction

Partners and Deal—Auction Bridge, as played by four people, requires two packs of cards with different backs. Jokers are not used. One pack is shuffled and spread face down on table, so that players may draw for partners. The players drawing the two lowest cards play against holders of the two highest. Ace is low in cutting, and, in case of duplicate draws, Spades have preference over Hearts, then Diamonds and Clubs. Holder of lowest card chooses his seat at table, and one pack of cards. Holder of third lowest takes his choice of opponent's seats. Second hand (player at dealer's left) shuffles dealer's cards, which are cut by person at dealer's right. Dealer's partner shuffles the "still" deck and places it at his right ready for second hand to use for next deal. Thereafter, this shuffling of the still deck always is done by partner of current dealer, while deal is going on.

Thirteen cards are dealt, one at a time, to each player, starting with player at dealer's left. Players can not look at their cards until deal is complete. If a misdeal, by reason of a card being faced or otherwise exposed or an incorrect number being given to any player, same dealer deals again. Deal passes to left.

Bidding—Any one of the four suits may be declared trump, or the hand may be played without trump, the so-called "No Trump". Dealer bids first. He may "pass", or bid one or more in Clubs, Diamonds, Hearts, Spades, or No Trump, which ranks lower than that named by one indicates that bidder, to fulfill his contract, must take one odd trick. An odd trick is one trick more than six. A bidder has to take six tricks, or his "book", before he can start to score. Therefore seven, or seven odd tricks, is highest possible bid.

Each of the other players, starting with player at dealer's left, may pass, double, or overbid the dealer. To overbid, it is necessary to bid the same number of tricks in a suit which ranks higher, or a larger number of tricks in a suit which ranks lower than that named by dealer. The bidding goes round to the left until three players in succession pass, except that, if it be the first round, and the first three players pass, the fourth is given an opportunity to bid.

Should all four players pass on the first round, the cards are dealt by the next dealer, with his own pack.

In bidding, the number of tricks out-ranks the value of the tricks. For instance, three Clubs, with a total trick value of 18, outranks two No Trump, worth 20 points.

Doubling—Any player may double an opponent's bid; and bidder or partner may redouble or bid something else outranking the doubled bid. By doubling, the opponent indicates that he can "set" the bidder; by redoubling, bidder asserts his confidence in his own make.

Doubling increases the value of the tricks (not the honors) in scoring but not in bidding (see Scoring.) Example: two Spades overbids two Hearts doubled and redoubled, although in scoring two Spades counts only 18 trick points, whereas two Hearts redoubled counts 64.

## "Cascarets" 10c

Best Bowel Laxative  
When Bilious,  
Constipated

To clean out your bowels without cramping or overacting, take Cascarets. Sick headache, biliousness, gases, indigestion, sour, upset stomach, and all such distress gone by morning. Nicest physic on earth for grown-ups and children. 10c a box. Taste like candy.

35; hearts, 40; spades, 45.

Four in one hand, clubs, 48; diamonds, 56; hearts, 64; spades, 72; no trump, 100.

Four in one hand 5th in partner's clubs, 54; diamonds 63; hearts, 72; spades, 81.

Five in one hand, clubs 60; diamonds, 70; hearts, 80; spades, 90.

Doubling doubles these trick (not honor) values; redoubling multiplies them by four. Thirty trick points constitute a game, but all over thirty are scored. Excess points on one game cannot be counted on next. Partners winning two games complete a rubber.

For winning 12 tricks, or Little Slam, there is a bonus of 50 honor points; for Grand Slam, or 13 tricks 100 points.

Declarer also gets a bonus of 50 honor points if he makes a doubled contract, plus a bonus of 50 points for each trick taken above his contract. If declarer redoubles, these bonuses are 100 each.

When opponents "set" the declarer, the opponents score 50 honor points for each trick by which declarer falls short of his contract; 100 for each trick if bid has been doubled; 200 if redoubled.

If declarer fulfills his contract, he scores for every trick he takes in excess of his bid; if he does not make amount bid, he can score only his honors as held. When contract is defeated, nothing is scored below the line.

Penalty for a revoke by declarer is 50 in honor points, which opponents score above the line. When opponents revoke, declarer may take 50 honor points or 2 of opponents' tricks for first revoke, each additional revoke by opponents entitles declarer to 50 honor points. Declarer can use tricks taken on a revoke to make good his contract, but cannot use them to obtain additional bonus in his honor score by reason of the bid having been doubled or redoubled, nor can he use them to count Slam or Little Slam not otherwise obtained. A revoking side can score only honors as held.

Winners of two games in trick points receive 250 points bonus in honors.

Winning Rubber—At the end of a rubber, the complete score of each side, including the 250 won by one set of partners for winning two

games, is totalled, and the side with the greatest complete total of points wins the rubber.

Miss Armephia Stewart, daughter of Mr. and Mrs. John W. Stewart of Arlington and Roy E. Turner, son of Henry Turner of Mays, were united in marriage this morning at the Main Street Christian parsonage by Rev. L. E. Brown.

## A UNION OF INTEREST TO WOMEN

### Healthy Housewife---Happy Home

**Lydia E. Pinkham's Vegetable Compound Has Helped Form Many**

For the ailing, half-sick housewife such a union is impossible. Often times even the slightest form of housework cannot be accomplished. Yet the work must be done.

Many women struggle along for

years suffering from some form of

female trouble that make their lives miserable and their homes far from happy.

Lydia E. Pinkham's Vegetable

Compound has helped thousands of

such just women regain their health

and strength. Just give your thought

to the following letters and remem-

ber that the women who wrote these

letters knew how they felt before

taking the Vegetable Compound and

again afterwards. It helped them—

let it help you.

**Had Nervous Spells**

Horatio, Ark.—"I had nervous

spells and awful bad feelings.

My right side and my back hurt me all

the time and I had been going down

in health for six or seven years.

For three years I had not been able to do

my work without help. I weighed

only 95 pounds when my husband's

mother persuaded me to take Lydia

E. Pinkham's Vegetable Compound.

Now I heartily recommend it to all

suffering women, as I have gained

weight and health. I can do all my

work, anything I want to do."—Mrs.

JIM REARICK, Horatio, Arkansas.

Reading, Pa.—"I was a nervous wreck and could hardly do my house-work. I always had to have help or I would never have got it done. Through the advice of friends I have been taking Lydia E. Pinkham's Vegetable Compound for my nerves and Lydia E. Pinkham's Blood Medicine for my blood and I am feeling fine and doing my work all alone. I can recommend these medicines to any one, for they certainly helped me. I suffered for five years and Lydia E. Pinkham's medicines pulled me through."—Mrs. T. FOELLER, 1218 Mulberry St., Reading, Pa.

**Recommends the Vegetable Compound**

New Orleans, La.—"I have found relief from my troubles by taking Lydia E. Pinkham's Vegetable Compound and I praise it wherever I go. I could not do my work as it should be done for I would sometimes have to lie down because of the pains I had.

A friend induced me to take your Vegetable Compound and I have got great results from it. I keep house and am able to do all my own work.

I recommend your Vegetable Compound to my friends who have troubles similar to mine."—Mrs. T. FOELLER, 1915 N. Derbigny St., New Orleans, La.

## Edna Wheaton in Lead

Edna Wheaton, designated by the Daily News, of New York, as the most beautiful girl in New York City, plays the role of "Beauty" in George Fitzmaurice's production of "Experience," a Paramount picture which will be shown at the Princess Theatre again today.

Miss Wheaton competed 6,000 other Gotham beauties for the honor

of appearing in "Experience." Her chance to break into the movies came as the result of the kindness of a friend who sent her picture to the newspaper. She is eighteen years old and had come to New York from her home in Ithaca, N. Y., to study music.

Director George Fitzmaurice and the casting department at the Paramount eastern studios decided that some sort of a contest was necessary to get the right girl to play the part of "Beauty" in the picture.

All the stage beauties were more or less cold and did not fit with Mr. Fitzmaurice's idea of beauty. Consequently the Daily News was enlisted in the search for the real American beauty and Miss Wheaton was the lucky contestant.

Miss Wheaton was busy for two weeks with her part having close-up shots with Richard Barthelmess, who plays the leading role, "Youth," and other scenes filmed with the remaining principals in the cast.

## Again Today at Mystic

"Thunderclap," the big William Fox picture, opened at the Mystic Theatre yesterday and will be seen again today. This production brought with it some of the greatest sporting incidents that have ever been shown on the local screen as well as an excellent cast.

Mary Carr, the great mother in "Over the Hill," played the leading part with Violet Mersereau, Paul Willis, J. Barney Sherry, John Daly Murphy and others supporting again the "great mother" scored, but this time she was deprived of the use of her body and speech. A great opportunity for Mary Carr and a wonderful performance by her.

The picture told the story of a convent-bred girl brought by her step-father to his gambling establishment to act as hostess. She discovered that her mother was paralyzed and unable to move or speak. Although the girl did not know it, this injury was inflicted by her step-father because the mother threatened to reveal his crooked methods. The hero, working as servant to the gambler, rescued the girl from an opium den in Chinatown and rode his horse to victory, thus preventing his sweetheart's marriage to the gambler friend of her step-father. A customer who had found out the crookedness of the step-father killed him just as he was about to shoot the mother of the girl.

The shock of this tragedy restored the mother's power to move and speak and she was left to comfort her daughter and her daughter's sweetheart.

PAIGE  
*The Most Beautiful Car in America*

## The True Value of The Champion

A CAR that consistently outdistances any rival on the highway, irrespective of price or make, is surely a car of superb mechanical quality. This championship form is worth even more than the zest of victory in a brush between thoroughbreds, for better still, it is a guarantee of those enduring qualities that mean long life, untroubled mileage and economy of operation.

And there you have the secret of the extraordinary preference being shown for the Paige 6-66 in every corner of the land. The mighty 70-horsepower engine with its amazing speed and irresistible power, has won for the Paige the happy title of Master of the Highway, for here is a car that is always ready to meet all comers and will tackle the steepest of grades with the utmost confidence.

Other vital features of design unite with this superb power plant. The 131-inch wheel base, the 118 feet of vibrant spring leaf, the perfect balance, the deep upholstering assure the utmost of comfort and ease of riding.

In the New Series 6-66 there are numerous improvements that make this fine car still finer. Examine any 6-66 model, ride in it, compare it with any other car in performance and equipment. Then look at the price-tag and we are content to leave the decision to you.

*The complete Paige-Jewett lines of six-cylinder passenger cars offer a selection of thirteen models priced from \$995 to \$3350. The complete line of Paige trucks meets every haulage need. They are sold and serviced by Paige dealers everywhere.*

## Vaudeville At Schubert-Park

The sixth week of Shubert Advanced Vaudeville is on at the Schubert-Park theatre, Indianapolis, this week with five big acts of high class vaudeville and a musical revue that contains fifty persons. Mr. Eddie Nelson, lately the featured comedian of the big musical comedy, "The Last Waltz," is the featured principal in the revue, which is called "The Echoes of Broadway," as well as occupying the headlining positions in the vaudeville proper. Of Mr. Nelson it is said that there does not live the human being that can listen to Mr. Nelson's patter and witness his comedy without being convulsed with laughter.

With Mr. Nelson on the vaudeville bill there are Nip and Fletcher, talented male dancer; Evangeline and Kathleen Murray, two girls "a little different from the rest"; The Five Jansley's, aerobats; Ethel Davis in exclusive song stories and Captain Irving O'Hay, who works with Mr. Nelson.

"The Echoes of Broadway" is in nine scenes for which a wonderful scenery and costumes have been provided. There is a large chorus, beautiful, of course, which sings and dances its self through the many scenes. In addition to the above mentioned persons Mr. Nelson has the assistance in the revue of Virginia Anne, said to be a vocal "find" and Henry Stremel, a tenor of note.

tening hogs. A number of farmers of this county are planning to try out this plan of feeding this winter, and if the plans prove out under farm conditions, the soy bean will prove a big boon to the hog farmer of Rush county.

Beans that have been threshed so far this year in the county indicate

a higher average yield than was threshed in this year's wheat crop. But figuring the average yield only the same as the wheat average, which was 12 bu. per acre, the acreage of soy beans to be threshed will yield the equivalent of 175 tons of tankage. Tankage today is quoted in Rushville at around \$70.00 per ton. Therefore, each bushel of beans fed to hogs will yield \$2.11

The largest potential corn crop was one about 5,000,000,000 bushels in 1917, although the actual harvest of 3,065,000,000 bushels in that year was exceeded in the three years 1912, 1920 and 1921, the largest harvested crop being 3,209,000,000 bushels in 1920. A large crop of corn is due to a relatively low prevention of production by the many causes by

which it is limited, but of course

production is also related to acreage

the department's records show.

During the 13 years the lowest degree of prevention was 23.5 per cent of a potential crop in 1920 and the highest was 44.5 per cent in 1913.

Within the period, from about one-fourth to nearly one-half of a potential production has failed to be realized. The average is a little more than one-third.

### HOME GROWING OF PROTEIN URGED

Continued From Page One  
frame large enough to carry additional weight. The corn alone lot of

hogs had gained only .45 of a pound daily against 1.50 for the corn and tankage lot and 1.44 for the corn, soybean and mineral lot. One of the corn alone lot had to be taken out because it had stopped gaining, results were so poor with this group.

The results of all the experiments was a striking lesson in feeding animal protein to balance the ration. A home grown protein, such as is provided by soybeans, does this and at a cost lower than the commercially prepared product. The mineral mixture makes the soybeans more efficient.

The visitors looked over the various lots of hogs, found out the value of the different forages and what they helped to do in producing gains.

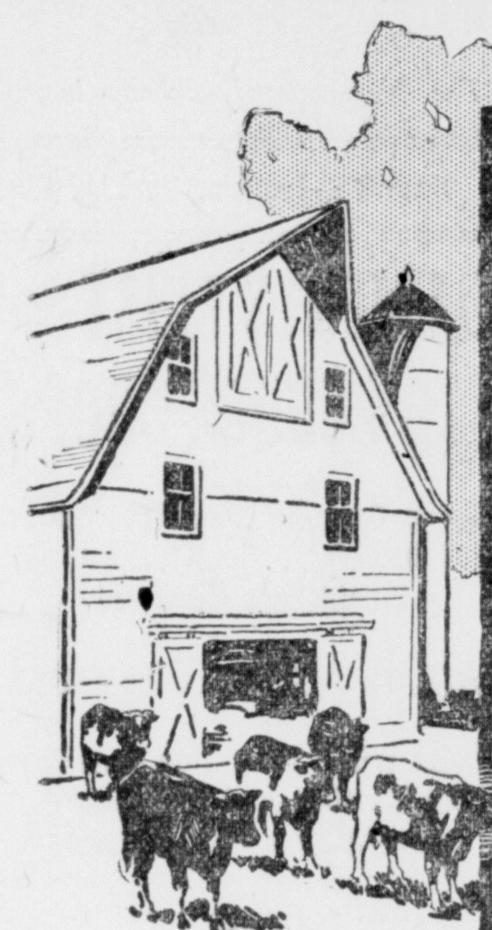

### ILLINOIS BUYS POTATOES

The Illinois Agricultural Association launched its fall campaign for the purchase of potatoes for members of county farm bureaus. Last year, the Illinois Potato Purchasing Pool handled 120,000 bushels.

## TWO HEATING SYSTEMS IN ONE

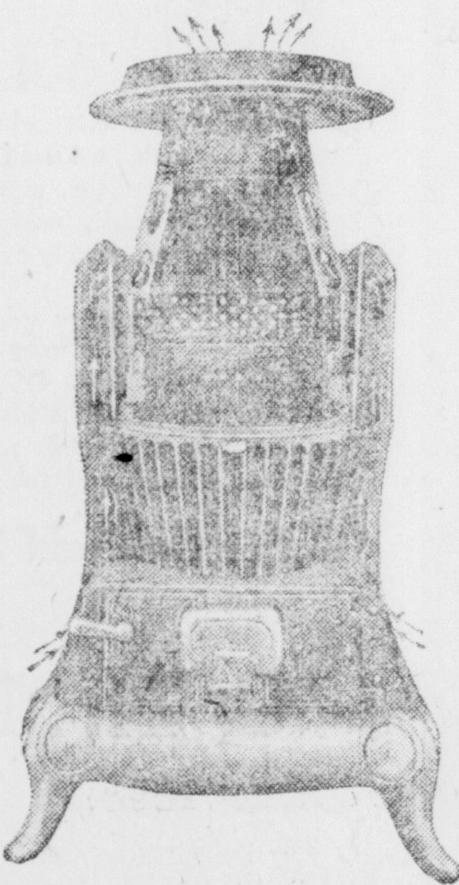

A glance at the cut in this ad will show you the Furnace Construction.

Above the fire pot is a hollow bell-shaped casting. The inside wall has a closed top and the outerwall is connected with an inner cast iron drum, which extends to the top of the stove. At the base of the bell-shaped casting on each side, two hollow arms extend through the body of the stove and connects with cold air intakes.

The cold air intakes extend down along the fire-pot, through the ash pit, which insures the coldest air of the room passing

through the stove. The arrows represent the passage of air through this chamber.

This construction gives the same amount of heat by radiation that you receive from the ordinary Hot Blast Stove Plus the Heat by Circulation, which increases the heating capacity One Hundred Per Cent.

**"Seed Corn Has Been Proved Superiority of Fall Selected"**

The superiority of fall selected and properly stored seed corn has been demonstrated the last three seasons in the corn testing work carried on in the county. The test told the story as to whether the seed was selected and dried out thoroughly before it was injured by

freezing, or whether it was selected after having been somewhat damaged by cold weather. Early selection of seed and proper storage was found to mean a high percent of germination and strong vitality.

Now is the time to look to selection of seed corn, while the stalk is still more or less green. By selecting at this time it is possible to select fully matured ears from stalks that are healthy and vigorous, thus

avoiding the use of seed from diseased or prematurely ripened stalks.

Method of storing is more important than time of selection as far as the germination and vitality is concerned, and the way a few bunches of seed tested out last spring indicates that farmers would do well to watch the method of storing of seed corn closely. There was a case or two where field selected seed proved of inferior vitality because it had not

**HOT BED PROVIDES FRESH VEGETABLES**

Continued From Page One  
from the cold outside air. Aside from this, some artificial heat usually fermenting horse manure is essential.

Any kind of a glass sash may be used. For most families a hot bed as large as six feet will provide an abundance of lettuce and radishes for winter use.

Select a well protected spot where it is possible to get all the available sunlight. Dig a pit about 18 inches deep and the size and shape of the sash which are to be used. Place a frame over this with a slope so when the sash is placed on top, it will give a slope sufficient to allow the sun to shine on most of the bed and also drain off the water. A frame with the front six inches above the ground and the back or north side 12 inches high will give the required slope.

Into the pit of fresh horse manure should be thoroughly tramped. The manure should come within 16 inches of the top of the side of the frame, or about 12 inches from the top of the glass. Upon this four inches of rich loose garden soil should be placed.

The soil should be raked level. Outside the frame, dirt should be banked up to the top of the frame. During cold weather manure packed around the outside of the frame will help greatly in keeping frost out.

If fresh horse manure is placed in the pit the ground should not be planted until about a week later.

Several rows of lettuce with rows of radishes between may be planted. Not all of the crops should be planted at once, since two or three plantings will bring crops on at different periods. Besides lettuce and radishes, a few bunches of parsley may be transplanted into one side. This will provide plenty of garnishing material for winter use.

To obtain the best results the hot bed should receive careful attention. Because of the approaching cool weather, less attention will be needed than in the spring time. However, it is well to ventilate occasionally.

This should be done by raising the sash a little on the side away from the wind. The most essential thing will be to give the plants an occasional watering. When watering at all give a thorough application. Once a week will usually be frequent

**NEAR EAST POLICY BLAMED**

Liberals And Anti Georgians See Advantage On Account of His Attitude In Turkish Trouble

By LLOYD GEORGE ALLEN

London Oct. 10—Possibility of the overthrow of the Lloyd George government next month when parliament convenes was discussed in some circles today.

Liberal and conservative anti-Georgians saw an advantage in recent attacks on the premier because of his near eastern policies.

The attack in the press is led by B. L. Garvin, writer for the Observer, whose opinion carries great weight as a critic of the government.

The observer and many other papers, some of them that have long been friendly to Lloyd George, are clamoring for a change in government following the militant attitude the cabinet has taken in dealing with the Kemalists in the Near East.

The recent manifesto issued from 10 Downing street urging the dominions to aid in repelling the Turks from the neutral zone is blamed for precipitating the present attacks on Lloyd George. It was charged that in issuing the manifesto, the prime

**W. B. BLAIR**

minister, usurped the duties of Lord Curzon, foreign minister.

Curzon is given credit for forewarning the cabinet to adopt a conciliatory attitude toward the Turks which was evidenced in two allied notes dispatched to the Turkish Nationalists.

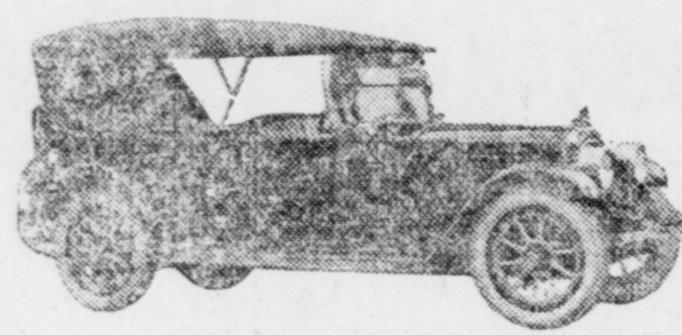

Curzon is credited with getting the government out of the troubles that Lloyd George's policy gets it into.

The government organs are steadily defending the Georgian policies. They point out the request of aid from the side of England in the Near East crisis.

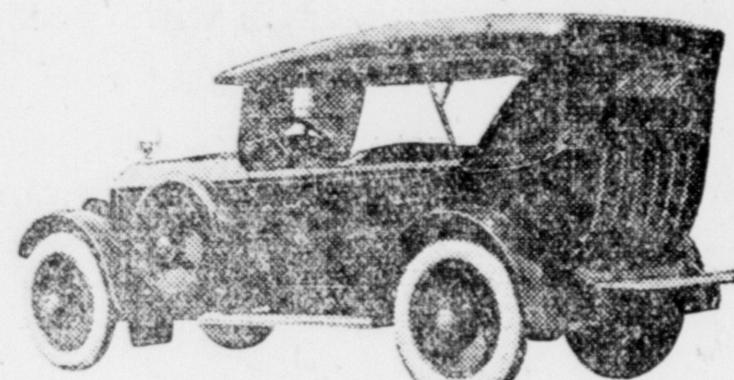

Reinforcements, the Georgian press states, were necessary in the Near East to prevent the Turks from seizing the straits of the Dardanelles.

### Rules and Regulations—How to Enter

Fill out nomination blank on this page with your name or the name of the man or woman you wish to enter. Bring or mail this blank to the Campaign Manager, The Indianapolis News, and 2,000 credits will be given the entrant.

Any man or woman over 16 years of age (or younger if approved by parents and The News), married or single, of good character, may become a candidate in this campaign and will be entitled to 2,000 credits.

The Campaign Manager reserves the right to reject objectionable nominations.

There are no obligations attached to entering this campaign and it costs nothing to try for the prizes.

No candidate will be permitted to transfer credits to another candidate after receiving them.

Any questions or controversies that may arise are to be settled by the Campaign Manager, and his decision will be final and conclusive.

All subscriptions must be paid in cash before credits are issued. Subscriptions can not be transferred.

No subscriptions for a period of more than five years nor less than three months will be counted.

A new subscriber is one who was not taking The Indianapolis News either by mail or carrier on October 4, 1922, when this campaign was announced.

No newsstand or bulk subscriptions will be accepted.

All new subscriptions must be verified by The Indianapolis News.

Be sure to find out, before you mark your receipt, whether the subscription is from an old or new subscriber. This rule is imperative.

All prizes will be delivered to the winners in Indianapolis as soon as the winners are announced by the official judges. In case of a tie for any of the prizes, the candidates tying will receive duplicate prizes or their equivalent.

The campaign officially opens Saturday, October 7, at 9 a. m., and closes Saturday, December 9, 1922, at 9 p. m. However, energetic candidates may, if they choose, start their campaign for credits immediately.

No agreements or promises, either written or verbal, made by solicitors or candidates other than those published in The Indianapolis News will be recognized.

No employee or members of employee's family, carrier or agent of The Indianapolis News will be allowed to compete as a candidate in this campaign.

In accepting entrance all candidates abide by the conditions named. The Campaign Manager reserves the right to make additions deemed necessary in the interest of the campaign.

The Indianapolis News reserves the right to place additional prizes on the list and to correct any typographical errors that may appear in any of its announcements.

### Win an Overland or Chevrolet in Your District

After winners of grand prizes have been ascertained, an Overland or a Chevrolet will be given to the person securing the greatest number credits in each district. The second highest in each district will be given a scholarship to any Indiana college, or \$300 in cash. Following are the districts outside Marion county:

District No. 8—Comprises Marion county outside of the corporation boundaries of the city of Indianapolis, and includes all of the counties of Hamilton, Hancock, Johnson and Hendricks.

District No. 9—Comprises territory in counties of Shelby, Rush, Decatur, Putnam, Bartholomew, Brown, Morgan, Monroe, Lawrence and Owen.

District No. 10—Comprises territory in counties of Boone, Clinton, Carroll, Pulaski, Cass, Miami, Howard, Tipton, Montgomery and Tippecanoe.

District No. 11—Comprises territory in counties of Wabash, Grant, Huntington, Blackford, Wells, Adams, Jay, Randolph, Madison and Delaware.

District No. 12—Comprises territory in counties of Henry, Wayne, Fayette, Union, Franklin, Ripley, Jennings, Jefferson, Scott and Jackson.

District No. 13—Comprises territory in counties of Washington, Orange, Dubois, Martin, Davies, Pike, Knox, Gibson, Vanderburg.

District No. 14—Comprises territory in counties of Benton, Vigo, Clay, Sullivan, Fountain, Vermillion, Park, Greene, Warren and White.

District No. 15—Comprises all counties in Indiana not included in other districts, and those counties in Ohio and Illinois in which The News circulates, and where subscriptions are likely to be obtained.
